

Oregon Standards Alignment

Oregon Early Learning Guidelines for ages 0-5 available online at

https://www.ode.state.or.us/gradelevel/pre_k/ecborntolearnecfoundations.pdf

Each set of early learning standards or guidelines listed below include statements that detail particular benchmarks or indicators that educators and caregivers use to identify a child's growth and mastery in each domain. These benchmarks or indicators are used when observing and documenting a child's actions in order to develop appropriate goals.

Oregon Birth to age 5	Early Learning Success Alignment Birth to age 12	Head Start Nationally Recognized Standards
<p>Domain: Physical Education and Health <u>Foundation Area for ages 0-3:</u></p> <ul style="list-style-type: none"> • Fine (Small) Motor • Gross (Large) Motor • Health Status and Practices <p><u>Foundation Area for ages 3-5:</u></p> <ul style="list-style-type: none"> • Fine (Small) Motor • Gross (Large) Motor • Health Status and Practices 	<p>Domain: Physical and Motor Development <u>Components for ages 0-12:</u></p> <ul style="list-style-type: none"> • Gross Motor – the development of large motor muscles; this includes muscle control and coordination, the development of body strength, balance, flexibility, and stamina; and the use of equipment for physical development • Fine Motor – the development of small motor muscles; this includes control and coordination, eye-hand coordination to perform a variety of tasks; exploring and experimenting with a variety of tools • Healthy Living Practices – understanding practices that are necessary for a healthy lifestyle including eating, physical fitness, hygiene and avoiding at-risk behaviors; these healthy living practices promote a healthy self-image 	<p>Domain: Physical Development and Health <u>Components:</u></p> <ul style="list-style-type: none"> • Physical Health Status • Health Knowledge and Practice • Gross Motor Skills • Fine Motor Skills

<p>General Cognition Domain: Mathematics <u>Foundation Area for ages 0-3:</u></p> <ul style="list-style-type: none"> • Numbers and Operations • Geometry and Spatial Sense • Patterns and Measurement <p><u>Foundation Area for ages 3-5:</u></p> <ul style="list-style-type: none"> • Numbers and Operations • Geometry and Spatial Sense • Patterns and Measurement <p>Domain: Science <u>Foundation Area for ages 0-3:</u></p> <ul style="list-style-type: none"> • Matter • Force/Energy • Forming the Questions and Hypothesis, and Designing the Investigation • Collecting and Presenting Data, and Analyzing and Interpreting Results • Organisms and Heredity • Diversity and Interdependence and Dynamic Earth <p><u>Foundation Area for ages 3-5:</u></p> <ul style="list-style-type: none"> • Matter or the Physical World • Force, Movement and Energy • Forming the Questions and Hypothesis, and Designing the Investigation • Collecting and Presenting Data, and Analyzing and Interpreting Results • Organisms and Heredity 	<p>Domain: General Cognition <u>Components for ages 0-12:</u></p> <ul style="list-style-type: none"> • Mathematical Knowledge and Reasoning – knowledge of number concepts and operations; patterns and relationships; spatial relationships; measurement; and mathematical reasoning • Scientific Observation and Problem Solving – knowledge of scientific observation, inquiry, and investigation; life science; physical, earth, and space science • Social Systems Understanding – knowledge of family and human relationships; understanding the world in which we live including our community and world; directional and map skills 	<p>General Cognition Domains Mathematics Knowledge and Skills <u>Components:</u></p> <ul style="list-style-type: none"> • Number Concepts and Quantities • Number Relationships and Operations • Geometry and Spatial Sense • Patterns • Measurement and Comparison <p>Science Knowledge and Skills <u>Components:</u></p> <ul style="list-style-type: none"> • Scientific Skills and Method • Conceptual Knowledge of the Natural and Physical World <p>Logic and Reasoning <u>Components</u></p> <ul style="list-style-type: none"> • Reasoning and Problem Solving • Symbolic Representation <p>Social Studies Knowledge and Skills</p>
